

RJNY's Story

Date: 11/16/21

Our beginning

In January 2010, the devastating earthquake that struck Haiti, served as the catalyst that would propel Marcie Dubuche-Lherisson-Elysee and Paul Lherisson to become the founders and unite family members to help their hometown of Jacmel, Haiti. After several nights of strategizing, Renaissance Jacmelienne de New York Inc. (RJNY) was founded.

Our Beginning (cont'd)

We immediately began collecting emergency relief donations from the community in New York in preparation for the first relief mission to Haiti. On February 12th, five members of the organization traveled to Jacmel, Haiti with 41 suitcases containing medical supplies, toiletries, food, and clothing. Upon arrival, the members were utterly shocked at the dire living conditions that the media had not addressed. The relief items were donated to the residents most in need, primarily in remote, rural areas. RJNY, Inc. members realized that one trip was not enough to truly affect change, so they proceeded to make 2 more trips that year; fully equipped with relief donations.

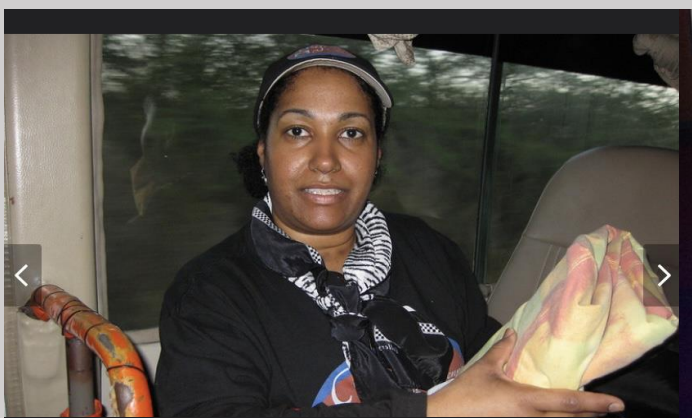

Our Beginning (cont'd)

During these trips, RJNY:

- met with community leaders and organizations, such as: CROSE & GREDESE
- visited local orphanages, schools, hospitals and provided services at neighborhood tent cities in Pinchinat & Rue de La Comedie
- Distributed donations of food, clothing and medical supplies at various locations
- visited schools & donated to communities in Bainet

After building strong relationships with local organizations, schools, and community leaders, RJNY, Inc. stayed committed to the reconstruction of Jacmel in hopes of continuing its humanitarian efforts for years to come.

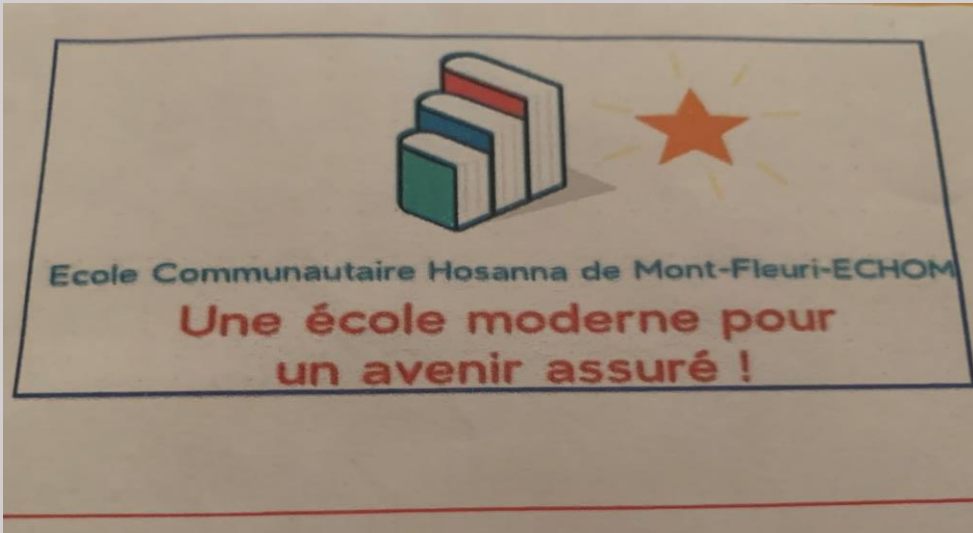

Our Activities Through The Years

- **Education** – Our main activity through the years has been providing tuition assistance to families in need. RJNY currently provides tuition assistance to 40+ students.
- **Donations** – RJNY has provided backpacks, schools supplies, medical supplies, computers, clothing and other supplies to the community.
- **Fundraising** – RJNY has obtained donations through fundraising activities such as: raffles, social events, donation letters.
- **Community Visits** – We have established relationships in the community that we will continue to build upon and strengthen.

Dear friends of Renaissance Jacmelienne de New York (RJNY):

It's difficult to explain how much a child with the need to learn needs your help! We would like to share a true story about a family we are supporting. A father of three who recently lost his job made his last tuition payment for the previous school year. However, he has no funds to re-enroll for this coming year, and school is opening soon. When RJNY heard of his situation, we immediately wanted to help him. Right now, RJNY is asking for your help because we have many more families in this desperate situation.

RJNY is reaching out to you today because we need your donations to keep these kids in school. RJNY, a 501(c) organization, assists with tuition, canteen, and school supplies. Our goal is to alleviate their concerns so they can focus on their schoolwork and strive for an excellent education. Your donations help us achieve these things. So, please take a moment now to help a child eager to learn and support our mission, "No Kids Left Behind."

We are sure you will agree that the last thing a parent needs is to worry about money to feed and send their child to school for a good education in a challenging, difficult time after the most recent earthquake.

What if no one came forward to help these kids? What would these families do? That's the reason RJNY needs your donation right away! We hope you take a moment to think about your donation and its impact on a child's future. We would like to thank you in advance for reading and your consideration.

You can make a donation to RJNY, Inc. by check, money order, PayPal, or QR Code.

Conclusion

Since its' founding in 2010, RJNY has been committed to helping the people of Jacmel and the southern areas of Haiti. The politics and violence which have escalated in the country will not cause our commitment to waver. In order to achieve the goals mentioned, it is important that RJNY's humanitarian efforts be measured and tempered, during this critical and chaotic time in the country. With thoughtful planning, engagement and implementation, RJNY can be successful in providing services that result in a positive impact for the communities.
